\$1.9M of Community Support

**MOLINE
LIBRARY
GARDENS**

Special Projects – \$238K

Moline Public Library Gardens

"The Moline Public Library has always had an extraordinary relationship and partnership with the Moline Regional Community Foundation. Through our endowment with MRCF we were able to make the Moline Library Gardens a reality. This multi-year long project became a beloved community asset that will be utilized for years to come at the library."

Callahan Herrig
Library Development Manager

Nonprofit Partnerships – \$192K

German American Heritage Center & Museum

"Our partnership with MRCF has been transformative, strengthening both our financial stability and our historic building. In 2023, a 50% MRCF match helped grow \$25,000 in endowment gifts to \$37,500, building long-term sustainability for our organization. In 2024, our 164-year-old building required urgent roof repairs, a MRCF capital grant allowed us to protect its historic integrity, preserve important artifacts, and continue serving as a place of education and inspiration."

Kirk Marske
Executive Director GAHCM

Philanthropy transforms lives!

Martin Luther King Jr. Center West End Revitalization

"The MidAmerican Power Up pilot reduced energy costs and improved building performance for homeowners, multifamily properties, and businesses in the West End of Rock Island by delivering efficiency upgrades through a trusted, neighborhood-based approach. The program required a 10% match from homeowners and business owners. Funding from Moline Regional Community Foundation made it possible for low-income residents to participate."

Rebecca Arnold
Resource Development Manager

Scholarships 2025

"I believe people have an innate desire to help others. Further, I believe investing in one's self, via learning/education is the best long-term investment anyone can make. Finally, I believe philanthropy is good for one's soul."

Moline Regional Community Foundation's well-administered scholarships, which facilitate learning early in the recipients' life journey, align nicely with these beliefs. For these reasons, I'm pleased to have participated in funding multiple MRCF scholarships for more than a decade."

Jon Chapman
Moline High School Class of '65 & Chapman Family Scholarship

Community Grants – \$1.4M
